

IIMIA RANKED 8TH FASTEST GROWING FINANCIAL ADVICE GROUP IN THE UK

A recent survey of the top 100 IFA groups has concluded that iimia Wealth Management as the 8th fastest growing financial advice group in the UK.

2006 has been a year of rapid growth and success for the firm and funds under management and advice now exceed £650m.

A major driver for the company's growth has been increased activity surrounding the new pension rules introduced last year and the launch of the specialist employee benefits division – iimia Corporate Services.

The two discretionary portfolio services have also remained a key feature of the business. These allow clients to choose a traditional discretionary management approach or a selection of iimia's own funds.

The revamp of the iimia website (www.iimia.co.uk) has also proved a success and it provides a lot more information and allows clients to have daily valuations.

The iimia group plans to make further progress in 2007 helped by its very strong balance sheet and believes that the prospects remain encouraging.

iimia Wealth Management is a trading name of iimia plc (registered in England No. 4274915) and iimia Financial Planning Limited (registered in England No. 5160210) both of which are authorised and regulated by the Financial Services Authority and are subsidiaries of iimia Investment Group plc.
